Associate of Business Administration in OHRM

The **OHRM** curriculum prepares students for entry-level positions in a wide range of organizations as well as providing a basic foundation in the elements of business and finance. Course offerings introduce students to human resource management principles and concepts while also emphasizing the application of those principles and concepts in a variety of situations.

The ABA in **OHRM** major is interdisciplinary and integrates materials from courses taken in other departments. Required courses provide the organizational, human and financial dimensions of how organizations might successfully function together in a turbulent and global environment. Courses within the **OHRM** major stress continual development of oral and written communication skills as well as analytical and computer skills.

The **OHRM** department's curriculum helps students develop methods of inquiry and requires active participation in the learning process. Students engage in problem-solving and decision-making individually and within groups
